About Us

Hartup Construction is a trusted South Australian building and property services company dedicated to delivering high-quality construction, renovation, and maintenance solutions for residential and investment properties.
With a strong commitment to craftsmanship, reliability, and customer satisfaction, Hartup Construction provides a complete range of building services, from new home construction and tiny home developments through to comprehensive property refurbishments and ongoing maintenance programs.
Our experienced team works closely with homeowners, investors, property managers, commercial and government clients to create functional, modern, and value-driven spaces. Whether constructing a custom family home, delivering an affordable tiny home solution, or undertaking extensive renovations, we focus on quality workmanship, attention to detail, and efficient project delivery.
